**97 To 99 Degrees  
Considered Normal**  
CHICAGO — A common misconception is that any body temperature above or below 98.6 is abnormal. Since the body has its ups and downs, doctors tend to consider a range between 97 and 99 degrees a "normal" zone.

Martinique is the "Pearl of the West Indies". Its marvelous vegetation keeps its pertinence to the notes set down by Christopher Columbus in his log book on June 15, 1502, when he wrote: "It is the finest thing that I have ever seen and therefore I cannot tire myself looking at such greenness."

## Cigarette Tar Content Declines

WASHINGTON — A downward trend in tar content of some cigarettes was reported Monday.

The Senate Commerce Committee released semi-annual testing results from the Federal Trade Commission cigarette testing laboratory.

The latest series of tar tests, dated Nov. 19, showed a downward trend in comparison with results last July, according to the report.

Tar content decreases were reported in 55 varieties, while there were increases in 11 the report said.

Biggest decrease was in Philip Morris king-size filter menthol, from 20 milligrams of tar in July to 15 in November.

Marvel cigarettes, with 4 milligrams, had the smallest tar content. Fatima was highest

## News Will Not Publish Issue Next Week, But Shopper Will

The News will not publish an issue next (Christmas) week. Because Christmas falls on Thursday this year, and because we WILL publish our Shopper on its regular early-week schedule for distribution Wednesday morning December 24th, we are going to all take a little rest for the balance of the week.

NEWS subscribers in the Fulton area will receive a copy of the SHOPPER next week on Wednesday morning, so you can be advised of the various after-Christmas sales that begin that weekend.

SHOPPER advertisers are advised to get their advertising for the Dec. 24th Shopper in to the News office by Saturday of this week if at all possible.

The News office will be open as usual next week, except for Christmas Day, to serve our commercial printing accounts.

## Open House Honors Earl Thorpes

Mr. and Mrs. Earl Thorpe were honored recently by their children, Mr. and Mrs. J. M. Thorpe, David Thorpe, and Dr. and Mrs. Bob Joiner with an open house, the occasion marking the couple's 25th wedding anniversary.

The home was beautiful throughout with gift arrangements in silver and white, and Christmas decorations added to the holiday spirit. Many lovely anniversary gifts were displayed in the living room.

Mrs. Thorpe received in a berry red knit dress with beading trim and her corsage was a white cymbidium orchid.

The serving table, overlaid with a white linen and lace cloth, held a white and silver floral arrangement of mums centered with three slender white tapered frosted in silver.

Mrs. Milton Thorpe served the anniversary cake she had made as a gift for the honored couple. Miss Nancy Easterwood presided at the punch bowl, and miniature sandwiches, mints, and dairy cheese biscuits centered with olives were served from silver appointments.

In addition to celebrating their anniversary, Mr. and Mrs. Thorpe were equally proud to present their first granddaughter, little two-month-old Donna Deanne Joiner.

Some 20 relatives and close friends of the family called between the appointed hours.

## Band Invited To Parade In Washington

The Union City High School Band has been invited to participate in the annual Cherry Blossom Parade in Washington, D.C., next April 11 and members of Band Parents Club have been urged to attend a special meeting Tuesday night at 7 in the band house.

The official invitation was issued this morning but certain members of the club had notified that it was coming last

Friday. In order for the 120 members of the band to attend the three-day festival in Washington, \$10,000 will be required.

Of this amount, about \$6,000 has been raised and Band Parents Club members will meet Tuesday to plan other projects which they hope will raise the remainder of the required funds. Most of the money now on hand was raised in two projects. The Band Parents Club had a concession stand at the Ohio County Fair and the E. W. James & Sons Supermarket sponsored an "Eat Out" during which the store furnished all the food and sold plates.

## Board Of Cosmetologists, Barbers May Be Separated

FRANKFORT, Ky. Members of an interim legislative committee decided Thursday to recommend that the 1970 General Assembly separate the state boards of barbers and cosmetologists.

While the committee on business organizations and professions lacked a quorum and so could take no formal action, it voted 6-1 with two abstentions in favor of the position urged by some beauticians. The motion to separate the two boards included a provision that money of the joint board, which now is \$98,000, should be divided equally.

Several beauticians and members of the state Board of Cosmetologists urged that their agency be severed financially from the state Barbers Board, just as the two already have been separated functionally.

One beautician who said she has been in many beauty shops

around the state told the committee that most beauticians did not know that their board was linked to the barbers' board. But when they were told of it, she maintained, those beauticians wanted the boards separated.

Foster Farris, a member of the barbers' board, argued that the two boards should remain together as at present because of the economy of having a single office and common inspectors.

The barbers presented figures to show that the cost of operating their board, which now is \$55,000, would climb to \$98,000 if it were separated from the cosmetologists board. He said fees taken in by the barbers board now come to just \$40,777 a year.

Farris said annual license fees for barbershops, which now are \$5, would have to be raised to \$20 to \$25 if the boards were separated.

Louie Floyd, director of the joint Barbers and Cosmetologists Board, said he has no objection to having separate funds for the two boards but that he wants the two to remain together to keep expenses down.

Some 20 relatives and close friends of the family called between the appointed hours.

Before Shalimar was a perfume, it was a garden of love.

Perfume: \$8, \$11, \$16, \$27.50, \$50, \$75. Cologne: \$6, \$10. Perfume Spray: \$8. Cologne Spray: \$6. Capil-laque Hair Spray: \$3.50. Film Spray: \$5.

## Woman Is Elected NCCC President

DETROIT — Delegates to the National Council of Churches elected their first woman president Thursday, defeating a black clergyman in a tense race. And they became embroiled in a dispute over whether to ally themselves with a young war protester who is challenging the draft.

The new president is an energetic Episcopalian, Mrs. Cynthia Wedel. She becomes the top officer of the nation's most widely representative religious organization.

The election outcome caused some strained emotions. Her opponent, the Rev. Dr. Albert Cleage, pastor of Detroit's Shrine of the Black Madonna, snapped: "This white racist institution is not going to last very long. It has no sensitivity. It doesn't know the fires of anguish in people."

It was the first time a contest ever developed over the presidency of the 20-year-old Council, which includes most major Protestant and Orthodox denominations in the country.

Mrs. Wedel, of Alexandria, Va., expressed hope for black cooperation, and said blacks should "have a great deal more power" in the Council.

Her victory came on a day when an outside church group pressed for prosecution of individual delegates who signed statements allying themselves with the young draft resister.

The assembly itself had voted not to express support for the youth after lawyers warned such action could be considered criminal conspiracy.

But under the leadership of the Rev. Arthur Walmsley of Boston, scores of signatures were fattered from individuals, pledging their willingness to stand with James Rubins, of Hicksville, N.Y., in resisting the draft.

There were 225 churchmen, including 140 council delegates who signed up to stand by Rubins.

Leaders of the independent group, the American Council of Christian Churches, here as observers, telegraphed the U.S. Atty. Gen. John N. Mitchell, asking that signers be prosecuted for "subversion of national security."

The ACCC, made up of small denominations, with about 300,000 members, is a long-time foe of the much larger National Council, which includes 33 denominations with 42 million members.

## Block-Busting Fight Announced

WASHINGTON — The federal government has announced plans to fight block-busting—the practice by realtors of advising quick sale of houses because a different racial group, usually Negroes, is moving into the neighborhood.

The Department of Housing and Urban Development has sent a letter to national real estate brokers' organizations telling them of the increase in the blockbusting practice and calling on them to "reassert ethical standards."

HUD is also preparing a radio and television campaign cautioning that blockbusting is illegal and explaining complaint procedures.

## Duck Stuck Up North

DEARBORN, Mich.—Ducks who don't go South shouldn't rest on frozen ponds.

That was the conclusion reached Thursday by Jim Yardley and Booker Bryant of the Michigan Humane Society. They were called to a frozen pond in

Henry Ford's Greenfield Village where a noisy wild duck was frozen by his tail feathers.

The duck was one of a small flock occupying a small corner of the pond not frozen because of moving water.

"He just must have got out in the middle overnight and got stuck," Bryant said. The men took him to an animal shelter on the grounds for recovery.

## Honor Society Is Formed At Murray

MURRAY, Ky.—Nine students and four faculty members have been named charter members of a circle of Omicron Delta Kappa, a national leadership honor society for men, at Murray State University.

Founded at Washington and Lee University in Virginia in 1914, Omicron Delta Kappa has chapters, called "circles," on 115 college and university campuses across the country, two of which are located at Centre College and the University of Louisville in Kentucky.

The new Murray ODK circle is the only one approved to date by the national organization at a state college or university in Kentucky.

The primary purpose of the so-

city is to recognize men who have attained a high standard of efficiency in collegiate activities and to inspire others to strive for conspicuous attainments along similar lines, according to James M. Kline, a professor of physics at Murray State and faculty advisor for the new circle.

Officers of the new circle are Charles T. Mayberry, Murray, president; Bill H. Flynn, Paducah, treasurer, and John C. Winter, associate professor of music, faculty secretary.

In addition to Kline and Winter, the two other Murray State faculty members in the charter circle are: Robert L. Hendon, associate professor of agriculture, and W. Robert Higgins, as-

sistant professor of history.

In addition to Mayberry and Flynn, the students named are: Austin Byers, J. D. Rayburn II, and Max Russell, Murray; William L. Call, Hickman; E. L. Lancaster, Dover, Tenn.; George A. Rice, Metropolis, Ill., and

Matt Scocozza, Jamesburg, N.J.

Although hospitalized in Paducah with injuries received last June in an automobile accident, Rice was a member of the group which petitioned the national organization for a Murray Circle.

### GOOD NEWS FOR HUNTERS

The Congress has now completed action on an amendment to the 1968 Firearms Control Act. This Senate bill, now agreed to by the House, will free hunters and dealers of much red tape and irritation in buying shotgun shells and rifle cartridges. Since this bill is, itself, an amendment to another bill which the Administration very much wants, it should be veto-proof. It should be signed into law by the President without delay, probably this week.

This action clearly illustrates the responsiveness of the Congress to "grass roots" needs and opinion. It also shows the role of the Congress as the true representative of the people in the constant battle—which I suppose is really unavoidable in any government—between the people and government bureaucracy.

Following the passage of the 1968 law, the Treasury Department, the designated agency for certain provisions, drew up unwarranted regulations. These regulations went far beyond the intent of Congress in providing what really amounted to registration procedures for those who sought to buy a box of shells to go bird hunting, or rifle ammunition for deer hunting. The Congress had voted down a registration amendment, as applied to firearms generally. By regulations prescribed by Treasury agents, then, bureaucrats sought by the back door to accomplish what the Congress had refused to authorize.

Several Senators, particularly my colleagues on the Finance Committee, got together and took over. This was a legitimate move, since the Treasury Department is generally under the jurisdiction of the Finance Committee. Led by Senator Bennett, we sponsored an amendment to another bill before the Committee. The measure

passed the Senate easily.

## South Fulton Teams Draw In Match With Panthers

South Fulton's basketballers seem to find themselves Friday night although they dropped a 83-70 decision to Martin while the Red Devils lassies took their initial outing by a 57-50 margin. The games were played at Martin. In the men's encounter, Coach Terry Beades said his charges looked "almost 100 per cent better than they did in a season opening loss to Wingo. I believe our boys can now move on and win themselves some basketball games."

The Devils caught the Panthers on a hot night as the Martin team shot 62 per cent from the field. The Devils also found themselves in foul trouble again as the Panthers toed the charity stripe 40 times during the contest.

By periods, it was Martin all the way at 15-13, 38-32, 61-47 and then finishing with a 13-point victory spread.

Sophomore Dale Yates, who shows prospects of being one of

the finest in the area in future years, was tops with 28 points. Ralph Jackson tossed in 13 and David Murphy added 11 for the Devils.

Martin got good front line play from center Barry Buckley with 23 and forwards Mark Stafford and Wilbur Garner who tallied 19 and 12.

Girls' Coach David Brann said, "We may be able to put it all together," as his team took an early lead, played swapout the entire third period and then rolled to the win in the final five minutes of the contest.

Coach Brann added, "We have some fine girls here and they want to win. I would also add that some of our younger girls came through for us in this game."

The triple performances of sophomore Jimette Gilbert with 24, Judy Powell with 20 and Judy Henderson with 13 sparked the Devil team. Senior guard Marilyn Hardy proved herself the defensive key.

#### Hickman Co. 45

HICKMAN, Ky. — The Fulton County Pilots fought Hickman County to a 41-41 tie at the end of regulation play and then beat the Falcons in overtime 46-45.

Fulton County jumped out to an early lead but Hickman fought back to go ahead with eight seconds left in the ball game. The Pilots' Robert Nalls stepped up to the foul line for two shots, the first one which he missed, but he connected on the second one to tie the game. The Falcons attempted a shot with five seconds left, but the attempt failed.

In overtime, Fulton County jumped out to a 44-41 lead, but Hickman County came back strong and went ahead by one point with 10 seconds to play. With six seconds left in the overtime period, Nalls threw a pass to Ron Caldwell who scored to put the Pilots on top 46-45.

Nalls also was the game's leading scorer with 23 points.

Hickman was led in scoring by Charles Vinson and Fay Jordan with 15 and 14 points respectively.

Johnny Cash  
Offers To Sing  
For Billy Graham

NASHVILLE, Tenn. Sunday was the day the preacher came to dinner at the Johnny Cash home in Nashville and the preacher was Billy Graham.

"If there is anything I can do to help you out, I wish you'd let me know," the top-rated country-western music singer told the international evangelist. Graham mentioned to Cash that he plans a crusade in Knoxville this spring and Johnny said he might not be doing anything in May.

"If you could come to Knoxville that would be wonderful," Graham said. "But I don't want it to look as if we are using your coat-tails."

Cash offered to bring his whole troupe of singers and musicians, but Graham insisted, "No just you."

"If you could come and just talk to them and maybe sing one of your religious songs, the minister said, and Cash agreed.

Beatle Weighs  
Offer To Play  
Jesus In Musical

LONDON — John Lennon has been invited to play Jesus in a pop musical called "Jesus Christ" planned for the spring at St. Paul's Cathedral.

The bearded Beatle said Thursday he would consider the role if his wife, Yoko Ono, is permitted to portray Mary Magdalene. Tim Rice, 25, composer of the musical based on the last six days of Christ's life, and Andrew Lloyd-Webster, 21, the producer, said they believe Lennon would be ideal in the title role.

The dean of St. Paul's, the Very Rev. Martin Gloucester Sullivan, said: "Why should I have an opinion? I am interested in what the musical's organizers are doing."

*I heard the Bells on Christmas day  
Their old, familiar carols play  
And wild and sweet the words repeat,  
Of peace on earth, goodwill to men.*

*Whoever we are, and wherever we may be,  
There is deep within our hearts the desire for peace.*

At the special season when we commemorate the birth of our Savior, Jesus Christ, we recall with joy the song the angels sang on the night of His birth.

"Fear not, for behold I bring you good tidings of great joy which shall be to all people. For unto you is born this day in the city of David a Saviour, who is Christ the Lord."

And, suddenly, a multitude of the heavenly host joined the angels in singing praises to God and saying, "Glory to God in the highest, and on earth peace, goodwill toward men."

Many today are crying, "Peace, peace," where there is no peace, for only as we bow before Our Christ, will we hear the angel's song and feel the peace of God within our hearts.
